

HIGH PRESSURE GREASE

PRODUCT OVERVIEW

High Pressure Grease is a fully-synthetic, strongly adhesive lubricant for all moving parts (e.g. joints, hinges, chains etc.). Forms a long-lasting centrifugal and highly pressure resistant protective layer.

- Repels water
- Resistant to heat and salt
- Protects against corrosion
- Reduces wear and tear

APPLICATION

For ropes, chains, cables, belts, gearboxes, cranes, construction machinery as well as for motorbikes and bicycles.

DIRECTIONS

Shake well before use. Thoroughly clean the area to be treated before application. Spray evenly onto the areas to be lubricated from a distance of 10-15 cm.
